Fairhaven Prepares for Annual Fair

Twenty-eight seems to be the magic number for the Town of Fairhaven this weekend as they kick off the 28th Annual Homecoming Fair on Saturday, June 28 in the village on Center, William and Walnut Streets from 10:00 am to 5:00 pm. Fairhaven's biggest summer event is one of the region's very best town fairs with 175 booths featuring artists and craftsmen from all over New England. The event will also feature more than 20 food booths, live entertainment, and fire engine rides. An art exhibition will take place on the west lawn of Unitarian Memorial Church. The fair is great fun for the entire family and is sponsored by the Fairhaven Improvement Association. Handicap parking is available and admission is FREE. For more information, please call 508-994-0797.

Also slated for this Saturday, June 28, in conjunction with the Homecoming Fair is an Open House at Fairhaven High School, 12 Huttleston Avenue, from 10:00 am to 2:00 pm. Take this opportunity to tour this marvelous gift to the town from Henry Huttleston Rogers. A shuttle bus will provide free service between the Homecoming Day Fair and the high school.

Also present were Selectman Richard Nunes, Selectman Gary Laboa, and Town Administrator James Huntoon. Administrative Assistant Veronica Lafreniere was not present for the meeting.

The board first met with members of the Finance Committee (FinCom) and Town Moderator Greenwood Hartley to fill vacancies on the Personnel Board at 6:45 pm.

Under the Town Administrator's report, Mr. Huntoon noted that Police Chief Paul Magee is requesting the purchase of a replacement police cruiser, since one of the older vehicles is in dire need of repair and is currently out of service. The Finance Committee (FinCom) had previously asked to defer this capital expense until the fall to determine what type of funding would be forthcoming from the state first. Funding for the replacement cruiser would likely be placed on a Special Town Meeting warrant.

"One of (Chief Magee's) concerns was he wish he had known the cruiser was cut out of the budget so he could have cut something else," Selectman Laboa said. "I think it's important for (department heads) to have some rebuttal time ... you should have the opportunity to go back to the FinCom once your budget (is presented)."

"There is some concern from the department heads that they are getting only the bottom line figures from the FinCom," Chairman Parker agreed.

Mr. Huntoon noted they received a letter from Ed Zyskowski regarding the use of property on Pine Street next to Memorial School. Mr. Zyskowski would like permission to clear cut on the property through the end of the year. "We could sign a license restricting him to certain activity there," Mr. Huntoon said, adding that after conferring with Town Counsel, he suggested the same. With that, the board unanimously voted to enter into an agreement with Mr. Zyskowski to use the property for the remainder of the year.

The board next voted to appoint Selectman Nunes to be the board's representative in negotiations with the newly-formed union for the Communications Department. Once negotiations commence, they hope to have a contract in place by July, 2004.

At 7:10 pm the board met with Bob Luongo, Director of the New Bedford Industrial Development

Commission (IDC). Mr. Luongo said he was visiting all area towns near New Bedford to gauge their potential interest in establishing a loan program for small business ventures.

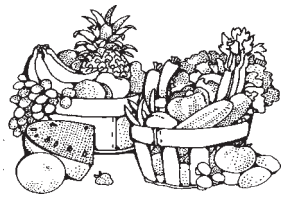

"We have several loan programs and we loan money to businesses in New Bedford," Mr. Luongo said. "We've been getting inquiries from surrounding towns about loans. Currently, we cannot lend outside of New Bedford because of restrictions on our funding. But ... what I'd like to do is if there's interest in establishing a loan program for these eight towns, there is a source of funding at the (state level). Smaller communities and towns like Rochester are not eligible for these funds, but they are eligible to apply for pools of money. What I was considering was establishing a revolving fund for these communities."

Mr. Luongo said once they established a revolving pool of about $1 million, individual loan and grant awards would then range from $5,000 to $200,000. "We made about $2 million worth of loans just in New Bedford, but we'd keep this pot of money separate from

New Bedford," he said. "The towns would have to consent to our applying for funds through the state. We're thinking of using the loan committee we have now, but have (representatives) from the towns participate. We'd be looking for referrals from the town."

In addition to being a potential resource for funding, Mr. Luongo said they also have access to an established network of non-profits that provide technical assistance to new businesses, and all of this would be provided at no cost to the town.

"This money would come from the state," Mr. Luongo said. "We'd even get the fees to administer the program from our spread. If it's a grant (award), we'd take our fees from that."

"I don't see any downside in wanting to be involved," Selectman Laboa said. "I think the business expertise end of it is just as important as the funding."

"I don't think this area has really been serviced by the state before," Mr. Luongo said. "If we can demonstrate a need, I think we can get the money."

"I don't see any reason why we shouldn't pursue it," Selectman Laboa said.

With the board's blessing, Mr. Luongo said they would next have to hold a meeting with representatives from the state and get the okay from each member town before proceeding.

At 7:25 pm the board met with members of the Library Board of Trustees to discuss a scaled down version of the proposed library expansion project. Trustee Robin Rounseville explained that in the wake of the recent Town Meeting rejection of their initial proposal, their architect has come up with two alternative plans for the project.

Whereas the defeated Plan A called for a 14,000 square foot expansion of the library at a total estimated cost of $4.2 million (about $2.5 million of which would be

the responsibility of Rochester taxpayers), the two alternatives are:

• Plan B – a scaled down 11,200 square foot design at a total cost of $2.8 million, which would be eligible for state funding of $1.72 million, so only $1 million would need to funded from town coffers; or

• Plan C – a mere 6,500 square foot expansion at a total cost $1.8 million, which would not be eligible for state funding so the entire cost would have to be carried by the town.

Both alternative plans would retain the single-story design using the existing building footprint, and therefore wouldn't require any additional land purchase costs.

Chairman Parker said they could schedule a Special Town Meeting and Election for November. The matter is time sensitive, given that the state grant award money expires in November.

"I think this is a much more appropriate plan," said FinCom Chairman Michael Costa.

"I think you've done a good job bringing it down to the minimum it has to be for the state funding," Selectman Laboa agreed.

Mr. Huntoon said they would look at scheduling a September Special Election and then a Special Town Meeting in early November to consider funding the library project.

• The board voted to send a letter of thanks to Police Officer William Chamberlain for recently offering a program on careers in criminal justice at Old Colony Regional Vocational Technical High School.

• Selectman Laboa asked what can be done to review the operations of the town's Personnel Board. Apparently some members have resigned and they are seeking to fill several vacancies to keep the board active. "There's been a lot of turnover ... just from hearing the comments I think it's worth addressing," he said. The

• Tax Collector Thomas Gayoski said there is a five- to six-acre piece of property off Old Middleboro Road which could be sold for potential house lots. The town is sitting on this piece of property, which was taken for tax title in 1995 from Mary Gomes, and it could generate some needed tax revenue for the town if sold and developed. "If we're strapped for money and there's properties we have taken, now's the time to act on it," Mr. Gayoski suggested. Mr. Huntoon agreed to look into the property in question.

There being no further matters to come before the boad, they unanimously voted to adjourn for the evening at 8:04 pm.

Whaleboat Races

Warm weather is finally here, and in New Bedford, that means whaleboats in the harbor. Nearly 200 men and women from all over the SouthCoast and, for the first time, from California, are practicing in the whaleboats of the Whaling City Rowing Club (WCRC) in preparation for this year's annual Independence Day Whaleboat Races. The races, held at Summerfest, will run on Saturday, July 5 from 9:30 am to 3:00 pm and on Sunday, July 6 from 9:00 am to 2:30 pm. Thirty teams will compete in the one-mile open-water rowing race, hoping to land first prize in their division. Men's, women's, co-ed, masters and young women's crews will race throughout the day, with races starting and finishing off the east

face of the State Pier. Spectators can view the races from State Pier with a Summerfest button, or from a boat in New Bedford harbor.

Whaleboat races are a long-standing tradition in New Bedford, with reports in the local newspapers dating back over 150 years. In 1999 the WCRC began organizing the races at Summerfest, and has since added women's, masters, co-ed and young women's divisions along with the men's division.

New at the 2003 Independence Day Whaleboat Races: three crews are traveling to New Bedford from the Straits of Mare Island Rowing Association in Valleja, California to compete in the races. Two women's crews and one men's crew, who are accustomed to rowing in eight-oared lifeboats, will try their hand at rowing the Beetle whaleboats. They will arrive in town a few days before the race and will receive intense training in the whaleboats. These crews are the first out-of-state crews to enter the traditional New Bedford race, and the first who are not specifically trained in Beetle whaleboat rowing. At

home, the Straits of Mare Island Association usually holds their regattas as fundraisers for local charities.

Also new and very exciting at this year's races is the addition of a young women's division. In this division, two teams of youth rowers from the Whaling City Rowing Club's after school programs will compete against a team of young women from Taunton who are being coached by their dad, George McBride, a former competitive rower. The two local teams are representing Fairhaven High School Environmental Club, and were first introduced to the art of whaleboat rowing through the WCRC youth race, the New England Youth Whaleboat Challenge, held in May at Pope's Island Marina in New Bedford.

WCRC Executive Director and race organizer Lucy Iannotti commented on the California crews, saying, "We are extremely pleased to be welcoming the crews from the Straits of Mare Island, and feel we have the opportunity to show them the best New Bedford has to offer with Summerfest and the whaleboat races. Our goal is to make this race one they'll want to come back to year after year."

Ms. Iannotti also explained how the new youth division came to be: "We created the youth division because we have had such extraordinary youth rowers at the high school level this past spring, and they so badly wanted to participate," she said. "At our youth race in May, they showed themselves to be dedicated rowers and

BUYING BY COMPARISON

Here's a short course on home buyer psychology. Buyers buy homes by comparison. The average buyer is no slouch. He'll shop a particular neighborhood and home type. He'll rarely buy the first home he visits. It's too big an investment to be nonchalant. He will compare prices against COMPARATIVE value and quickly throw out the obviously overpriced homes.

If the buyer really likes one of these overpriced homes, he may make an offer at a lower price -- closer to its true value. History shows that he'll probably make his offer for one already realistically valued.

Our agency can save you, the home seller, much chagrin in the area of comparative pricing. We know what similar homes are selling for and which homes are not selling due to overpricing. We can help you set the proper selling price -- one that will bring the best profit in the shortest time. It makes sense to work with documented facts instead of guesswork. Why not drop in and find out. We have the facts.

Letters to the Editor

To the Editor:

The Marion Local Scholarship/Education Fund Committee is very pleased to announce this year's recipients of the Local Marion Scholarships. The Scholarship/Education Fund was established under Massachusetts General Law, Chapter 60, Section 3C and adopted by Town Meeting in April 1994, allowing the voluntary contribution form to be included with the real estate tax bills.

This year, we had enough funds to award seven $500 scholarships to Marion residents to pursue education beyond the secondary school level for the academic year 2003-2004.

We had many outstanding applicants from Old Rochester Regional High School, Bishop Stang High School, Tabor Academy, and various colleges. The selection was very difficult. The committee took into consideration each applicant's financial need, character, scholastic record and involvement in community work, as well as extracurricular school activities.

This year the recipients of the award are all from Old Rochester Regional High School. They are: James Farrell, Julianna Gonzalez, Kevin Hart, Nicole Kearns, Ryan Maloney, Nicole Nye, and Jason Sadeck.

These awards are made possible through the generosity

of the taxpayers of Marion that have contributed to the fund. Unfortunately, we were unable to match last year's nine awards and we have completely depleted all scholarship funds for the ensuing year. Contributions may be made at any time and may be given in honor of a special person or event or in memory of a loved one. Donations in any amount are always much appreciated and are fully tax-deductible.

Mattapoisett Road Race

One of the best-kept secrets in New England is a little five-mile race held every Fourth of July in Mattapoisett. Incorporated in 1970, the Mattapoisett Road Race is a five-mile, mostly shaded course, which winds through the picturesque village, along the historic waterfront, around the fabled Ned's Point Lighthouse, and back to Shipyard Park at the Town Wharf. For the second year in a row, *New England Runner Magazine* listed the race as "one of the Top 100 races in New England."

Townspeople are justifiably proud of their supportive tradition. Enthusiastic water providers and well-wishers line the entire course, urging the runners, young and old. Of late, the field of runners has approached 800 in number. Well-known marathoner/Olympians Steve Smith and Mark Coogan are graduates of Mattapoisett, which served as the site for one of Johnny Kelly's last runs. Even these champions have mentioned the "sneakiness" of several of Mattapoisett's small hills!

Throughout the years, the race has energized the

support of local merchants and businesses that have given generously of their products and monies to make this event the success that is has become. Local merchants have assisted the race committee by donating money, usually to purchase shirts with the famous Ned's Point logo as well as their own company decals. For the past eight years their donations have permitted the committee to pledge virtually all of its proceeds to scholarships for deserving graduates of Old Rochester Regional High School who are involved in running programs. The scholarship criteria urge young runners to commit themselves to the healthy pursuit of running as a life-long habit and the rich dividends that follow.

Animal Advice

Jay Gould, DVM

Inside versus outside cats

I have a new kitten and I am trying to decide whether to let him out or to keep him as an inside cat. Any thoughts?
Cats that go outside are exposed to a multitude of dangers. These include cat fights, cars, coyotes, ticks and fleas, heartworms and infectious diseases such as feline leukemia virus and feline AIDS.

What can I do to protect my cat if I decide to let him out?
Cars, coyotes, Feline AIDS and other cats are best avoided by leaving your cat inside. Ticks and fleas can be controlled by applying Frontline Top Spot once a month. Heartworms can be prevented by using Heartgard monthly and the risk of Feline Leukemia virus can be minimized through vaccination.

The board intends to identify and implement a number of zoning by-law changes that will be required to achieve these desired results. To assist in this effort, it has engaged the services of Mr. Arendt, an experienced land use planner who has performed similar planning services for many towns in New England and throughout the country. Marion Mile for Kids

The "Marion Mile, Just for Kids" summer running series for children ages 14 and under is now under way. The event is run by the Marion Recreation Department with sponsorship from The Village Potter of Mattapoisett and Maggie's Homemade Ice Cream of Marion. It is a series of one-mile fun runs, which takes place on the fields and track of Tabor Academy.

This summer's dates are: July 1, July 8, July 15, July 22, July 29, and August 5. The start and finish will be on the Tabor soccer field located on Spring Street across from the Fish Athletic Center. The runs will start at 6:30 pm, so come 15 to 20 minutes early to register. All children must be accompanied by an adult. Drinks will be provided and ribbons with finishing times will be given to all finishers. Trophies will be awarded to series winners on August 5 at the last run. There are separate age group categories: 8 and under, 9-10, 11-12, and 13-14, but all kids will run together.

The course is basically a two-loop course, so younger children who are unsure of making the entire distance can run just the first half mile also. There is a one time registration fee of $5, which covers the cost to run in all of the weekly runs. The purpose of the event is to encourage fitness and running. Times will be recorded and the hope is that the runners will be able to see improvement in their performance from week to week. All kids age 14 and under are welcome to participate in as

many races as they wish. T-shirts will be provided by The Village Potter and Maggie's Homemade Ice Cream to all runners who participate in two or more races. For more information, please contact Chris Adams at 508-748-9905 or **cadams@taboracademy.org**.

Singer Comes to Mattapoisett

Nationally known singer/songwriter Cheryl Wheeler will bring her unique brand of folk music and humor to the SouthCoast on Friday, July 25 in a performance at Mattapoisett Congregational Church's Reynard Hall. Ms. Wheeler will be joined by special guest, pianist Kenny White. Doors open at 7:30 pm.

A Rounder Records recording artist, Wheeler is considered by many to be among the premier voices in the "New Folk" era. Her music ranges from haunting, soulful ballads to upbeat romps and her energetic live performances have won her acclaim across North America. Her latest album, *Different Stripe*, has been called a "welcome collection" and her insightful songs "when matched to her smoky, smooth vocals, are deeply affecting."

Tickets for Cheryl Wheeler and Kenny White are available now at The Symphony Music Shop, 94 State Road, North Dartmouth, MA, telephone 508-996-3301 or at the church office, Tuesday through Friday, 9:00 am to 12:00 noon. Marion Art Center

New Exhibition

An exhibition of paintings by Ann Mello and Bea Johnson is now on display at the Marion Art Center. Both women are summer residents of Mattapoisett and have painted for many years.

Ms. Mello has studios in Worcester and in Mattapoisett. She studied at Clark University where she received a BA in Self-Design. She also studied art at Lasell Junior College. Some of her teachers include Michael Hachey, Susan Swinand, Alex and Chris Osgood, David Baggarly, and Charles Parsons. Her favorite artists are Van Gogh, Matisse, Sargent, Jonathan Green and Winslow Homer. Her brightly colored acrylics, watercolors and mixed media reflect her enjoyment and love of painting. She has taught at the South Coast Learning Network and is currently a docent at the Worcester Art Museum.

Bea Johnson grew up in Marion and has lived in Mattapoisett and Florida for many years. She has taken art courses locally with area artists and at the former New Bedford Textile Institute. She also has taken watercolor courses in Florida. Ms. Johnson paints in oil and watercolor. Marine scenes are her favorite subjects. She also enjoys painting still life and flowers.

The two-person show will run through July 23. The galleries at the Marion Art Center are open to the public Tuesday through Friday, 1:00 to 5:00 pm and Saturdays, 10:00 am to 2:00 pm. Admission is free.

A Special Event will occur on Friday, June 27 when members of the Marion Garden Discussion Group will create floral interpretations of some of the paintings by Ann Mello and Bea Johnson. This mini "Art in Bloom" will open on Friday, June 27 from 6:00 to 8:00 pm and remain on view on Saturday, June 28 from 10:00 am to

Conceived and directed by Paul Sardinha, the show features veteran performers Sheila Furtado, Steven Hemingway, Chris Morey, Bruce Lackey and Marianne Oien, along with Jordan Butterfield, who recently dazzled the audience with her performance in *Les Miserables*.

The show opens on Thursday, July 10 and runs Fridays and Saturdays as well for three weekends (July 11, 12, 17, 18, 19, 24, 25, 26). Beginning with the hit "There's No Business Like Show Business," the songs are interspersed with vignettes, dance numbers and skits that showcase the amazing versatility and talents of Berlin and the Marion Art Center cast.

There are novelty tunes like "Puttin' on the Ritz" first performed in 1915 as well as jazz classics like "Alexander's Ragtime Band" and 40's favorites from his many Broadway hits like "Anything You Can Do." Berlin may be most famous for patriotic songs like "God Bless America" which will feature Sheila Furtado and company.

There are also ballads like "How Deep is the Ocean" and "Always" plus the ever-popular "White Christmas" and "Easter Parade." Irving Berlin lived to be 101 years old and was planning to write another Broadway show in his final year!

Reservations may be made by calling the Marion Art Center at 508-748-1266. Tables may be reserved for parties of four or more while they last. Tickets are $16.50 for MAC members and $20 general admission. Seating is limited, first come/first served, so early reservations are recommended. Visa and Mastercard are accepted.

Project GROW Enrollment

Applications for enrollment in Project GROW, the public school integrated preschool program, have been mailed to all age-eligible children in Marion, Mattapoisett and Rochester according to databases in the Early Childhood Office. The school district has decided to move forward with the application process based on encouraging signs for funding from the Department of Education and both the House and Senate versions of the state budget. However, the final outcome will be contingent upon actual state funding.

Due to the current fiscal crisis and uncertainty about funding, tuition will be charged for the first time in the program's history. The level of tuition will be proportional to the level of support through grants. In the best-case scenario, tuition of $5 per day would be charged. If

Movie Review

Green Monster

By Rob Gonsalves
http://robsreviews.cjb.net

***Hulk*. Starring Eric Bana and Nick Nolte. Directed by Ang Lee. Running time: 138 minutes. MPAA rating: PG-13. At AMC Cinema 12 at the North Dartmouth Mall and Flagship Cinema 12 in New Bedford.**

A scientist — a mad, driven genius, who has already conducted illicit experiments on himself — torments his baby boy in the crib and looks on, mesmerized, as the squalling infant's legs break out in a veiny rash of green. The baby grows up to be Bruce Banner (Eric Bana), a physicist unwittingly following in the career footsteps of his long-lost father; Bruce holds himself in tight, blocking himself off from close relationships, as if afflicted by sense memories of those crib days when anger led to physical deformity and misery.

What a strange and fascinating contraption *Hulk* is. This movie about repressed emotions and repressed memories is itself repressed: It withholds the main attraction — the roaring green Id, the Hulk, smashing everything in sight — for at least a full hour. The art-house director Ang Lee would seem, at first glance, an odd choice for a summer blockbuster about a green creature of rage. But repression has been Lee's dominant theme — from the virtuosos locked in by duty in *Eat Drink Man Woman* and *Crouching Tiger, Hidden Dragon*, to the would-be romantic and sexual adventurers thwarted by societal designs in *Sense and Sensibility* and *The Ice Storm*. Lee approaches the decades-old Marvel Comics character as yet another wanderer in the void, denying who he is and what he wants.

Bruce, in the major change from *Hulk* canon as set down by Stan Lee and Jack Kirby in the comics and then by Kenneth Johnson in the popular TV series, falls victim to gamma rays, which in themselves don't change him; test subjects have tended to explode in the lab under the gamma rays, and Bruce might have too, if not for the mutation he carries in his own genes. Screenwriter James Schamus, revising earlier drafts by John Turman and Michael France, adds a twisted father-son layer to the narrative — the sins of the father, and so on. The father, David (a scraggly Nick Nolte), is a monstrosity of scientific inquiry — the type of cold intellectual who tests his theories on his son. The elder Banner, just released from a 30-year stretch in prison, has been busy: He has three canine companions, vicious little things who get more vicious — and huge — after he doses them with a serum.

Some of the movie could be a little fresher. Bruce has a fluttery relationship with scientist Betty Ross (Jennifer Connelly), whose father is the blustering General "Thunderbolt" Ross (Sam Elliott); General Ross is in cahoots with slimy ex-officer Glenn Talbot (Josh Lucas) to claim Bruce's research for military purposes. Eric Bana, another Australian actor breaking out in America (he starred in the small, acclaimed drama *Chopper*), manages to look both strong and weak — close-cropped, wet-looking hair; pained soft eyes; features just this side of chiseled. He can't get much going on with Jennifer Connelly, who continues to come off as completely empty, and the various forces weighing on Bruce's mind result in a rather humorless performance from Bana.

Still, the movie gets one very important thing right: the essential sadness of the Hulk. As a child reading the comics, I used to feel sorry for both Bruce and his towering counterpart, each forever doomed never to know the other, bound together in fear and contempt and endless retreat from men with guns. The movie's Bruce, however, feels almost exhilarated by what happens when his Jekyll gives way to Hyde; the sexual impaction of this buttoned-down, fearful man letting himself rampage and destroy is hard to miss.

And what of the artificial Hulk, as far from a green-painted Lou Ferrigno (who gets a sly cameo here along with Stan Lee) as inhumanly possible? As with Gollum in *The Two Towers*, the computer-generated Hulk is too fantastical to achieve full realism, despite his designers' devotion to detail. We accept him, though, as a heightened projection of rage, and he's effective in his gentler moments. I can't deny the visceral thrill of watching the Hulk fling tanks around or literally spit metal at helicopters to bring them down, but this Hulk is more about the traumas that preface destruction. Nick Nolte and Sam Elliott, twin gray remote fathers warping their children and growling at what they've wrought, are the true dark stars of the piece. *Hulk* climaxes on a phantasmagoric note that didn't quite do it for me — it plays like an Off-Broadway father-son confrontation that morphs into a light show. Still, this jagged and highly unstable work, bubbling in a stew of Freud and crackpot science, is the oddest mix of concussive escapism and psychological duality since Tim Burton's *Batman*. It may disappoint action fans, but it's not really for them.

Kindergarten Program

Private, full-day kindergarten is now being offered at Lighthouse Learning Center, Mattapoisett. Please call **508-758-4884** for more details.

all previous early childhood grant funding disappeared, the tuition would be $20 per day. Additionally, if grant funding allows, tuition assistance may be available to families who meet the criteria.

A class exists for each of the three towns. Historically, these have been located in the individual elementary schools. Again this year, due to the Center School construction project, the Mattapoisett classroom will be housed at Sippican School in Marion. The program runs for four hours per day, Tuesday through Friday morning, and follows the public school calendar. Parents are responsible for providing transportation to and from school each day. Efforts are made to assist families in forming carpools.

The purpose of Project GROW is two-fold: to provide a preschool experience to children whose families have been unable to enroll them in another program and who desire a preschool experience; and to provide children with special needs the opportunity to receive service in the least restrictive environment.

Enrollment is open to all children residing in Marion, Mattapoisett or Rochester who were born between September 1, 1998 and August 31, 2000. Preference will be given to children who may be considered at risk for educational failure, children who have had no preschool experience, and children of families with income below the state median.

Postcards from the Past

By Kenneth J. Souza
news@wanderer.com

There's a treasure trove of fascinating gems and historical anecdotes to be found in ***A Picture Postcard History of Fairhaven***, the latest tome from local history specialists Spinner Publications. That's probably because the book's subject remains one of the most historically-rich communities in the SouthCoast area. When you consider the town's connection to recognizable names like Henry Huttleston Rogers, Joshua Slocum and Mark Twain, or such landmarks as Fort Phoenix and the Manjiro trail, you can't help but instantly think of Fairhaven and her seafaring heritage.

Much of this vast history can be gleaned from the picture-perfect reproductions of some 200 postcards drawn from the collections of the Postcard Collaborators of Fairhaven. Many of these postcards are one-of-a-kind photographs produced in the darkroom; others are popular views issued by commercial postcard publishers. Together they comprise a medley of people, places, and events that paint a broad stroke of the town's significant New England history.

Some of the book's highlights include major sections devoted to Standard Oil Company millionaire Henry Huttleston Rogers, the town's great benefactor; images of Fort Phoenix, which was built for and became instrumental in fending off the British during the Revolutionary War; an ample dose of maritime images focusing on the town's wharves, shipyards, bridges and lighthouses; snapshots of the devastating Hurricane of 1938; pictures of the town's many architecturally-significant schools, churches and historic buildings; and a summer-themed chapter examing the colonies of Wilbur Point, Wigwam Beach and West Island. Thumbing through the high-quality, large-format book is like watching one of those sepia-toned old movies play out with jittery jump-cuts.

What's most revealing about this little trip down memory lane is how Fairhaven has changed over the years from a mostly rural, seaside vacation spot to a more progressive and developed SouthCoast town. Although it still remains a popular point of interest for both townies and tourists, seeing the postcards of Fort Phoenix populated with sunbathers flanking a grand pavilion (like the one on the book's cover) suggests something more akin to Coney Island than Fairhaven, Massachusetts. There's also a great sampling of picture postcards taken by the prolific and award-winning commercial photographer Howard M. Wood. His depictions of the aforementioned Fort Phoenix and the town's shipyards and waterfront are stylish, artistic and highly collectible.

***A Picture Postcard History of Fairhaven*, edited by Joseph D. Thomas and Jay Avila**, reprints the postcards in their original size, in both color and black & white, with several selected crossover enlargements. The collection is accompanied by text and captions that tell the history of the town from colonial settlements and American Revolutionary War battles, to the growth of business, industry and neighborhoods. There are postcards devoted to the legacy of projects created by Henry Huttleston Rogers; and others showing the many incarnations of Fort Phoenix and its surrounding grounds. Fairhaven's proud seafaring heritage is also duly noted with pictures and stories about her fishing industry, shipyards, wharves and bridges, along with postcards of harbor views, churches, schools, trains, trolleys, summer colonies — all of which will make you want to write and boast: "Wish you were here!"

A Picture Postcard History of Fairhaven will be available for purchase at the Fairhaven Homecoming Fair this weekend on Saturday, June 28. For more information on the book, you can also call **1-800-292-6062**, **508-994-4564**, or visit **www.spinnerpub.com**.

SALOME'S STARS

ARIES (March 21 to April 19) Count to 10 if you must, but don't lose your temper, despite that person's (you know who!) efforts to goad you into reacting. Your restraint will pay off in a big way.

TAURUS (April 20 to May 20) This week finds you in a sociable mood, ready and eager to enjoy the company of family and friends. It's also a good time to seek out and renew old friendships.

GEMINI (May 21 to June 20) Patience is called for as you await a decision about that project you're eager to launch. Meanwhile, try to set aside more time to share with that special person in your life.

CANCER (June 21 to July 22) Avoid becoming involved in a workplace dispute early in the week by insisting both sides submit their stands to a neutral arbitrator. Things begin to cool off by Thursday.

LEO (July 23 to August 22) It promises to be a busy but productive week for the Big Cat. The pace slows by Friday, allowing you to catch up on matters you put aside but that now need your attention.

VIRGO (August 23 to September 22) A suddenly disruptive family situation is best handled with a cool, calm and collected response. Wait until things settle to let off all that pent-up emotional steam.

LIBRA (September 23 to October 22) Your practical side dominates the week as you reassess your finances to make some sensible adjustments in what you plan to spend and what you expect to save.

SCORPIO (October 23 to November 21) An unexpected meeting with a former colleague opens some interesting possibilities. But you need to press for full disclosure before making a decision.

SAGITTARIUS (November 22 to December 21) A recent flurry of activity eases by midweek, giving you time to readjust your disrupted schedule and make new plans for a weekend getaway.

CAPRICORN (December 22 to January 19) You're usually the one who gives advice. But now it's time to open yourself up to counsel from friends who have your best interests at heart.

AQUARIUS (January 20 to February 18) You might find resistance to your call for a full inquiry into a workplace problem. But by week's end even the most rigid naysayers begin to come around.

PISCES (February 19 to March 20) A recurring problem resurfaces once again. Maybe it's time you used your creative talents to help you find a new approach to resolving it once and for all.

BORN THIS WEEK: You are guided in what you do both by your intelligence and your emotions. An acting career would suit you quite well.

required with the Fairhaven Harbormaster (508-984-4529). The primary purpose of Boating Basics is to foster safe boat operation through increased awareness of required safety equipment, safe boating practices, and legal responsibilities.

Youth 12 through 15 years of age who successfully complete the course will be issued a Safety Certificate allowing them to operate a motorboat without adult supervision, as required by state law. This course will also satisfy the state requirements for personal watercraft users who are 16 or 17 years of age. All graduates will be issued a course completion diploma and a Safety Certificate.
